Dear Friend,

Working with federal government agencies can be confusing and frustrating – and unfortunately, sometimes it’s inevitable. I’d like to take this opportunity to remind you that my staff and I are here to help. I have [seven offices](#) throughout Louisiana to help you with any problems you may have with a federal agency – from FEMA to the VA.

We can help even if you don’t know where to start. For example, my staff was recently contacted by a veteran in northeast Louisiana. He is blind and was looking to see if he qualified for any federal benefits. My office helped him contact the Veterans Administration, the Social Security Administration, and local non-profits who provide helpful resources. We were able to help him find a monthly benefit through the VA. My staff even went to his nursing home to help him fill out the appropriate paperwork.

If you need help with a federal agency, please do not hesitate to contact one of my offices. [Click here for contact information for each office](#). We are here to serve you.

I’ve also been traveling throughout Louisiana to hear from you. This week I’ve hosted town hall meetings in St. Charles, Iberia, East Feliciana, West Feliciana, and Acadia parishes. I’ve made keeping in touch with Louisiana residents my top priority, so I’ve held a town hall meeting in all 64 parishes every Congress. I’ve held more than 300 town hall meetings since being in elected office. I hope you can make it next time I’m in your parish. I get some of my best ideas from folks at these meeting, and I can also get casework started for you.

You can also contact me with your ideas at any of my state offices or in my Washington office, and online at vitter.senate.gov.

Sincerely,

A handwritten signature in black ink that reads "David Vitter". The signature is written in a cursive, slightly slanted style.

David Vitter
United States Senator
